Perfect Business Model

- 1. Work I loved 2. Broadcast to the World
- 3. Highly recurring revenue 4. Near-zero marginal costs

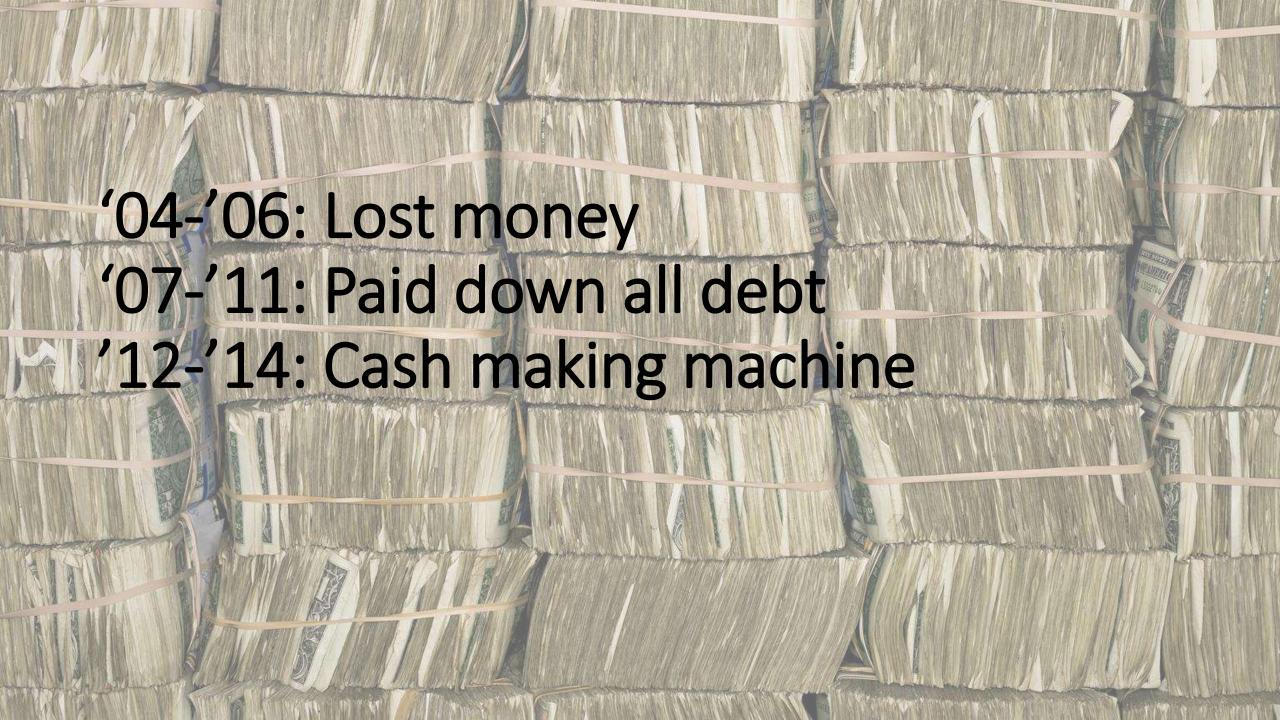

Descartes Acquires Customs Info

Posted Jun 02, 2014 | Home, Who We Are, News & Events, General News

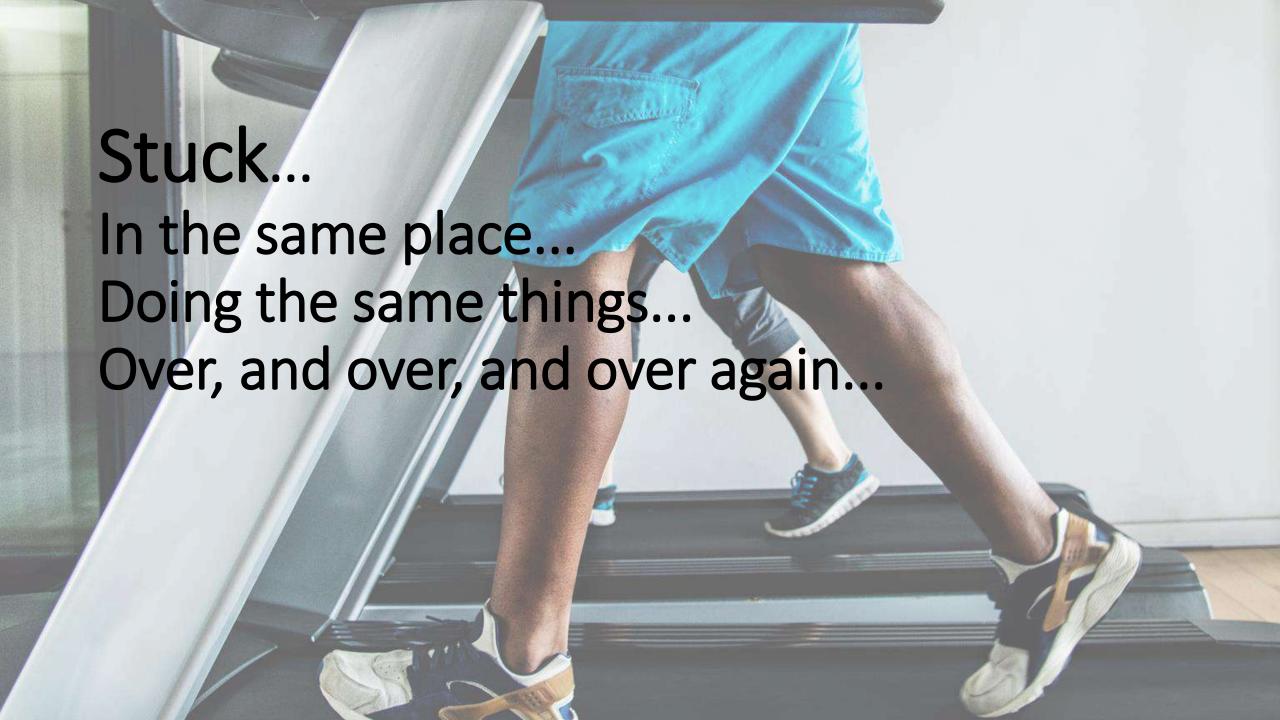

WATERLOO, Ontario, June 2, 2014 (GLOBE NEWSWIRE) -- Descartes Systems Group (TSX:DSG) (Nasdaq:DSGX), the global I uniting logistics-intensive businesses in commerce operating the Global Logistics Network (GLN), acquired Customs Info LI leading US-based provider of trade data content to power Global Trade Management (GTM) systems and streamline global automation.

Customs Info provides comprehensive trade data and related research tools to more than 800 multi-national shippers to held reduce operating costs, improve customs compliance, and accelerate supply chain speed. This trade data populates GTM significantly including SAP GTS and Oracle GTM, and includes trade tariffs, duties, regulations, trade agreements, rules of origin and other related content. Customs Info also provides one of the leading on-line global trade research tools used by thousands of trade professionals, as well as a SaaS-delivered classification solution to help trade professionals and multi-national shippers quick and easily maintain complex classification databases for their operations around the world. Customs Info also provides duty content to some of the world's largest e-commerce sites.
